Pacifica District CAMPERALL 2025

OVERVIEW AND OBJECTIVES

Our Theme this year is: **Jurassic Scouts!**

Our Slogan this year is: **STOMPING our way to Eagle!**

WHAT IS CAMPERALL?

CAMPERALL is a TWO (2) NIGHT Camping Event tailored to Webelos and Arrow of Light Scouts (AOL) that is intended to:

- Expose participants to glimpses of FUN while enabling them to Learn and Demonstrate Scout Skills.
- Foster a POSITIVE high-energy environment where they can showcase their SCOUT SPIRIT!
- Aid in the Webelos/AOL-to-Scout Transition
- Provide an opportunity for Webelos and AOL Scouts, their Adult Partners and Leaders to meet local Troops in an interactive environment and become more familiar with Troops they might like to join.
- Allow parents to gain a perspective on Troop Programming.

The purpose of CAMPERALL is to create, in all Webelos and Arrow of Light Scouts, a genuine desire to pursue their adventure with Scouting America, and to give them a preview, through a series of fun-filled events, of the thrills of Scout Skills.

Scouting America prides itself on being an organization which teaches young men and women valuable life skills and equips them with the abilities and opportunities to teach those learned skills to others. CAMPERALL is an Outdoor Activity Program and is one of the few opportunities that older Scouts have, outside of their own troops, to practice their skills, while teaching others who are younger or lower in Scout Rank.

WHAT to EXPECT at CAMPERALL?

Participants will have an opportunity to demonstrate their SCOUT SPIRIT and Basic Scout Skills (First Aid, Knots, Tent Building, etc.). Webelos and AOL Scout Dens will be called "**Patrols**" and should have a Patrol Name. The recommended size for Patrols is **6-8 Webelos or AOLs**. In previous years, Camperall Staff has found this size affords individual Webelos and AOLs the Optimal Experience & Participation Level during the Saturday Competitive Events. If needed, leaders may combine Webelos and AOLs into one Patrol.

WHO SHOULD ATTEND?

ALL WEBELOS AND ARROW OF LIGHT CUB SCOUTS who want to:

- Get a jump start on Webelos and Arrow of Light ADVANCEMENT
- Experience and enjoy, ahead of time, the THRILL of Competition and SPIRIT of Scouting America
- Experience competition in an environment filled with Scouts willing to lend a helping hand
- Work hand in hand with Scouts on Scouting Skills, Competitions, and Scout Spirit!

REQUIRED ADULT REGISTRATION/CERTIFICATION

A minimum of two (2) Scouting America registered Leaders MUST with a **CURRENT Safeguarding Youth or YPT Certification** and having completed the AB 506 - California State Mandated Reporter Training (Further information at: <https://californiascouting.org/>) and the associated background check(Live Scan) must be in attendance for each unit. A minimum of one (1) of the Scouting America registered Leaders **MUST** be BALOO trained.

Cub Scout parents or legal guardians taking part in an overnight Cub Scout program with their own child or legal ward are not required to register as leaders. All adults must review the "[How to Protect your Children from Child Abuse: A Parent's Guide](#)" that can be found in the front of each Cub Scout Handbook. In addition, the parent or legal guardian must be accompanied by a **Scouting America registered Leader** at any time they are with youth members other than their own child/ward.

Pacifica District CAMPERALL 2025

Plan Ahead and Prepare

Proper trip planning and preparation helps campers accomplish trip goals safely and enjoyably while minimizing damage to natural and cultural resources. Campers who plan ahead can avoid unexpected situations, and minimize their impact by complying with area regulations.

Each unit should:

- Check the weather prior to the event and come prepared for cool and potentially wet weather.
- Minimize trash through careful meal planning and food repackaging and proper equipment

Travel and Camp on Durable Surfaces

Damage to land occurs when visitors trample vegetation or communities of organisms beyond recovery. Each Unit should plan where possible to minimize there impacts to the local vegetation.

Dispose of Waste Properly

Each unit should plan to have their trash removed daily. Please plan to pack out what you pack in.

Leave What You Find

Leave rocks, plants, animals, archaeological artifacts, and other objects as you find them. Examine but do not touch cultural or historical structures and artifacts. It may be illegal to remove artifacts. Leave only footprints, take only memories (and pictures).

Minimize Campfire Impacts

Camperall will be holding a Saturday evening campfire. As of this update use of charcoal and campfires within unit campsites is prohibited.

Respect Wildlife

Quick movements and loud noises are stressful to animals. Each unit should discuss with their campers the following:

- Observe wildlife from afar to avoid disturbing them.
- Give animals a wide berth, especially during breeding, nesting, and birthing seasons.

Never feed wildlife. Help keep wildlife wild.

Food Storage

Each unit should plan to store their food including snacks in a hard sided plastic or metal container (coolers, etc.) to reduce the likelihood of various critters in the park from getting into your food.

Be Considerate of Other Visitors

Thoughtful campers respect other visitors and protect the quality of their experience. Each unit should discuss with their campers the following:

- Respect private property and the property of others
- Be considerate of other campers and respect their privacy.
- Be considerate of other visitors in the park
